

Louis XIII fireplace with trumeau in carved limestone : "Grasse"

This charming fireplace with over-mantel (trumeau) in carved limestone from Provence is a classic French Louis XIII mantelpiece hand-crafted in our atelier in Provence. It features a pair of jambs in console, a straight lintel on which rests a thick tablet, a trumeau with sculpted molded frame and a finely carved cornice. An opulent molding has been carved all around the hearth opening.
