Impressive carved limestone fireplace with trumeau of Louis XV inspiration

This exceptional 2,5 meters tall fireplace in carved limestone is a hand-crafted creation inspired by the classic Louis XV style. Carved in the Estaillades stone (a white natural limestone quarried in Provence), this mantelpiece features a pair of curved molded jambs, a beautifully curvaceous lintel, a thin tablet, a nicely worked out trumeau and a superb cornice with moldings and rounded edges. Crafted in Provence.
