Limestone fireplace with trumeau - transition Louis XV / Louis XVI

This beautiful fireplace with over-mantel (trumeau or hood) is hand-carved in a natural limestone from Provence and is inspired by the classic French mantelpieces of the Louis XV and Louis XVI periods. It features a pair of straight jamb with moldings and carvings, a monolithic lintel decorated with geometric patterns, a finely molded tablet. The trumeau is decorated with a molded oval-shape frame and topped by a nicely curved molded overhanging cornice. Hand-crafted in Provence.
