

Beautiful Neo-Gothic fireplace hand-carved into French limestone

This exceptional mantelpiece in carved limestone is an original creation by Alain Bidal in Provence inspired by the Neo-Gothic classic fireplaces. It features a pair of fine jambs looking like Gothic columns and a large molded lintel sculpted in the center with a neogothic window finely carved by hand. The large shelf is thick and beautifully molded. Hand-crafted in Provence in the Estailades stone.

Height 167 cm
