

### Louis the 16th-style fireplace in French limestone

This artisanal and French creation is carved into the stone of Estailades, a natural limestone from Provence. Inspired by the style Louis 16th, this fireplace has curved jambs with sculpted frame inside. Its monolithic lintel is moulded. This mould extends on both returns. The tablet is also moulded. This mantel is presented with a patina in the shades of grey but can be customized depending on your wishes.
