This elegant mantelpiece with trumeau carved in a limestone of Provence (Estaillades) is hand-crafted in Provence. Inspired by the classic Louis XIII mantels, it features a pair of long and thin jambs, a wide and molded tablet, a finely molded trumeau and a nice overhanging rounded cornice. A frame is beautifully hand-carved in relief on the trumeau and a large molding is sculpted along the entire hearth opening.

Height 310 cm

Width 167 cm

Depth 47 cm

- Hearth opening: L 130 cm x H 115 cm - Height of the

fireplace without trumeau: 135 cm
