

Large square molded basin carved in a non-freezing limestone

This large central square basin with concave sides has large and thick molded copings. Handcrafted in Provence in a white and firm limestone extracted in France : the stone of Avy. The Avy stone is frost resistant. Beautiful patina.

Height 70 cm
Width 337 cm
Depth 320 cm

- Copings' length : 40 cm

Price

9730 €
