This elegant garden fountain is a wall fountain hand-carved in Provence in a natural French limestone. It features a thick semi-circular base on which rest a half-round basin topped by thick and wide flat molded copings. 2 flower pots carved in stone are affixed on each side of the pediment. The imposing overhanging flat capital is wide and molded. Hand-crafted in Avy stone (a frost-resistant limestone). Sold with its wrought iron water spout.

Height 155 cm

Width 255 cm

Depth 160 cm

- Basin's height: 65cm including 15cm of base
