This beautiful Provence fountain is a superb hand-crafted creation in natural French limestone (carved in Avy stone, a firm and frost-resistant limestone). This octagonal fountain features a large yet shallow basin topped by wide molded copings and a central octagonal column fitted with 4 forged water spouts in wrought iron. The overhanging capital is decorated with a small ball in stone.

Height 175 cm

Width 210 cm

Depth 210 cm

- Basin's height : 45 cm
