Limestone fountains and basins

Large wall fountains in stone

Wall fountain in natural stone with a sculpted Bacchus head as water spout

This large and tall wall fountain, a water feature that can be installed against a wall, is hand-crafted in Provence in a French natural limestone (the Avy stone, a frost resistant limestone). Its features a large pediment decorated with molded breastplates and a hand-sculpted water outlet representing the roman God Bacchus. Large rectangular molded basin with molded flat copings.

Height	245 cm
Width	220 cm
Depth	120 cm

- Basin's height : 70 cm

Price
10500 €
