

Wall fountain in natural stone with a sculpted Bacchus head as water spout

This large and tall wall fountain, a water feature that can be installed against a wall, is hand-crafted in Provence in a French natural limestone (the Avy stone, a frost resistant limestone). Its features a large pediment decorated with molded breastplates and a hand-sculpted water outlet representing the roman God Bacchus. Large rectangular molded basin with molded flat copings.

Height 245 cm

Width 220 cm

Depth 120 cm

- Basin's height : 70 cm

Price

8860 €
