Central fountains in stone

Round garden fountain in natural stone sat on a wide circular base

This charming decorative fountain is a beautiful central fountain hand-carved in a natural French limestone (the stone of Avy - frost resistant). This small-size garden fountain features a large surrounding circular base on which rests a round monolithic basin of 120 centimeters in diameter. The central column is cylindrical and is endowed by 3 wrought iron water spouts and a capital with a small stone ball on base.
