Limestone fountains and basins

Small wall fountains in stone

Limestone fountain with massive round basin and column with ball

This small-size garden fountain in carved limestone is a decorative fountain that could be installed anywhere, even in a corner ! This fountain of Provence features a monolithic round trough as basin, a circular column fitted with a water outlet in wrought iron and a capital topped by a small stone ball. Hand-carved in the stone of Estaillades or the stone of Avy (frost-resistant).
