Large central fountain in natural stone with base and round central column

This large circular fountain with surrounding base is hand-crafted in Provence and carved in a firm and frost-resistant limestone : the stone of Avy. This central fountain features a large molded curvy basin, a tall cylindrical central column fitted with 4 water spouts and a large capital carved in the shape of a diamond peak.

Height	255 cm
Diameter	350 cm

- Diametre without the base : 290 cm - Basin's height : 65 cm including 10 cm for the base

Price
21720 €
