This charming small and shallow circular basin in molded stones features as a central, a column fitted with a beautiful overflowing bowl and a reclaimed putto in patinated terracotta. The bowl is decorated with a beautiful hand-sculpted frog. The water comes out of the frog located at the feet of the putto. Unique fountain.

Height 98 cm

Diameter 120 cm

- Height of the basin : 20 cm - Height of the putto : 42 cm
