Central fountains in stone

Charming central garden fountain with octagonal basin in carved limestone

This elegant central fountain is hand-carved in a French natural frost-resistant limestone, the stone of Avy. This medium-size water fountain hand-crafted in our stone cutting atelier in Provence features a central octagonal basin and a square column decorated with sculpted chests, moldings and rosettes. Its large overhanging molded capital is topped by a small ball in stone. Sold with 2 wrought iron water spouts.
