Elegant wall fountain in natural stone : monolith bowl resting on a sculpted pedestal

This slender wall fountain is carved in the Avy stone (a frost resistant limestone). It features a molded rounded bowl resting on a massive foot decorated with sculpted grooves. The pediment shows a fine engraved plate and, in its center, a hand-sculpted rosace enhancing the wrought iron water spout. This pediment is sublimated by a thin, flat and molded cornice.

Height	128 cm
Width	55 cm
Depth	42 cm
Weight	200 kg

- Bowl's height: 20 cm

Price
1520 €
